

Basketball Community:

The Spirit has been one of the top AAU organizations in Connecticut since 2002. As we begin our tenth year of operation, the Spirit remains determined to provide a safe, learning environment in a family atmosphere. The main focus of our organization is to compete at the highest level while using basketball as a vehicle to assist our players in the pursuit of a college education. The Spirit maintains a dedicated coaching staff that's interested in the development of each player and team. Together, we will continue our proud tradition for the 2012 travel season and beyond.

The Spirit family congratulates its 2011 Graduating class:
